

There was a big turnout (pictured) for the January meeting of the Uppingham Neighbourhood Forum (UNF) held in The Falcon Hotel on Thursday January 11th.

Forum Chair Janet Thompson presided over two hours of presentations and community discussion on a wide range of topics including youth housing, local plans, the local crime statistics, the recent accidents in icy weather and the Uppingham Hopper.

On display during the evening were the new UppBox Modules containing £500 worth of community emergency equipment bought to support the town's new Community Emergency Plan. The UNF meets quarterly. Minutes of meetings, once published, can be read [here](#) .
